Ready, Prep, Go!

Transition to School program for
pre-school children and their families

We want you to feel that you have made the best choice for your child's schooling. To help you make the decision, we invite you into the school for eight transition sessions and an orientation morning. As a parent you can see for yourself how teaching and learning occur in the classroom setting. You will be reassured by seeing our staff deal with children in the program and you will have all your questions answered as they occur to you – even those questions you think are silly!

Your child will benefit, too. They will be involved in activities that are stimulating and fun; they will get a feel for the school grounds, meet their Year 6 Buddies and be with old friends as well as meeting new friends. They will be supported in a caring environment by professional and passionate teaching staff. By the time the school commences in the following year, they will be very ready.

The Ready, Prep, Go! Program is comprehensive and purposeful. It allows the staff to get to know your child and to have an understanding of their needs. It allows you to see first hand how the school operates and to develop trust and confidence in us.

Program begins on Monday, 23 July 2018
