MESSAGE FROM THE ACTING PRINCIPAL

It's hard to believe we are more than halfway through Term 1 and there are Easter promotions in every supermarket.....Christmas only feels like a few weeks ago! Somehow I have managed to resist purchasing hot cross buns (I'm a fan of the traditional with no peel), but my will power is decreasing minute by minute! Once I start, there's no turning back....especially if they are fresh, hot and smothered with butter..... mmmmmmm.....my mouth is watering just thinking about it.

While you are all enjoying your extra-long weekend, staff have been working hard reflecting on what we currently do and how we can make it better for the future. Karen and I were recently discussing an article by Greg Whitby (an Educational guru from NSW). He talks about how trying to understand an individual's learning style is often like trying to master chess. It requires the ongoing commitment to gaining greater knowledge, skills and insights.

As educators we are often asked to reflect on how we improve the quality of learning and teaching; how every student becomes a winner in the learning journey through and beyond school. It's a struggle to condense it into something that is clear and simple. This is something we discuss regularly as a staff. Greg Whitby compared the good work teachers are doing as being similar to racehorse trainers. No, we are **not** comparing students with thoroughbred horses. Rather, it has been interesting to listen to Winx's trainer, Chris Waller talking about how they have worked with Winx and in doing so obliterate racing's history book.

Under the supervision of Waller, there is a committed team that regularly observes and monitors Winx on and off the track. As Waller has said in past interviews, they are always guided by how happy and sound Winx is on any given day. It is this holistic understanding that applies to good teaching also. That deep affinity between teacher and student that develops from a place of mutual trust and respect. The ability of teachers to be attuned to a student's individual needs at any given time and to adapt tasks and experiences accordingly.

In all endeavours, it takes a team to produce the best possible outcomes. ***Our goal is not to train thoroughbreds but to unleash the potential of every child.*** How far each student can go depends on our ability to nurture their abilities, harness opportunities and sometimes take our hands off the reins.

All the staff at KHPS are hardworking, dedicated individuals who take their role very seriously and as a team, work together to provide your child with every opportunity we can to unleash their potential.

That's it from me this week.

I hope you all enjoy the long weekend, and I look forward to seeing you around the school ground.

Megan
Acting Principal

What's happening at KHPS:

Grade 5/6 Update

What's been going on Grade 5/6? Well, last week we started our new Electives program. The students were given seven different electives they could sign up for. They were:

- 🎨 Mural design and artwork
- 🧘 Yoga
- 👹 Scarecrow design and building
- 🌿 Outdoor Education activities
- 🏋️ Health and Fitness at The Fit Shop
- 🤖 Robotics and coding
- ☕ Café Culture

Health and Fitness at The Fit Shop

"Last week we met Andy, our personal trainer and he put us to the test, literally! We completed a fitness test and it was tough!" – Allegra

"My legs were so sore the next day I could hardly sit down! But I felt great after doing it!" – Fred

"I really enjoyed the circuit training and the different activities we have to do; it's a great way to get some fitness in!" – Ryan L

"We trained and exercised. Andy would make it look really easy, but it was hard!" – Ainslie

Yoga

"Our warm up games are fun, and the yoga is more interesting and relaxing than we thought it was going to be. We've also been making dream catchers in yoga as a form of relaxation." This was the consensus from the girls!

Scarecrow design and building

"We have been planning and designing our scarecrow family for the garden."

This week Sloan taught us how to sew so after we buy the material, we can make the scarecrows clothes.

We are enjoying our elective and looking forward to building the scarecrows and shopping for the material!

Outdoor Education activities

"I have lots of with Outdoor Education because we have learnt how to put up a tent, made pancakes and S'mores and get to hang out with my friends" – Riley B

"I am really enjoyed Outdoor Education because it's really fun" – Ollie S

"We get to learn new things, such as putting up tents and we also got lollies!" – Sam M

"It's great to actually experience an activity rather than just sit down and write about it" – Charlotte

"Mr Starling set us a challenge to try to fit everyone into one tent; surprisingly we all fit in including Mr Starling." – Isabella M

Mural design and artwork

"We've been planning and designing what the background will look like for the mural. This is going to be in the garden.

We have drawn our designs, and these are things like, fairies, frogs, plants, flowers, ladybugs, etc. I really enjoyed this because I love drawing and being creative. Next, we are going to cut our designs out and stick them on wood. Some of them are going to look 3D, which is exciting to see!" - Keisha

Robotics and coding

"We've chosen robotics and coding. We are enjoying building our robots and then coding them. Most of us have found coding our robots a bit hard though.

This week, Mrs Carter played music for us and we loved singing along too Michael Jackson, at one point!" - Jett

Café Culture

"We are doing kitchen a bit different this year in 5/6 and we're going to be opening up our own café at the end of each term to sell you our cooked treats! Each week we will be cooking different items and then choosing our favourites to sell to the community.

Last week, one of the items we made was a delicious couscous salad and this week we made pancakes! Yum!"
- Emily

Grade 3/4

We watched a short video about Ormie the Pig and discussed all the different things he did to try to reach the cookies. We then wrote a narrative (some by ourselves, some with partners) focusing on sizzling starts and trying to include interesting adjectives.

Jack O'Brien and Charlie Andrew

Writing – Sizzling Starts

In the lovely smelling kitchen the scent was like perfectly made cookies. Ormie skipped up to the tall grey fridge and pounced up into the air to try to reach the delicious cookies ORMIE COULD NOT REACH! OH NO!

Freya La/jell and Scarlett Thompson

The aroma of freshly baked chocolate chip cookies wafted into Ormie the pig's nose. It smelt like heaven! Like knowing you were going to have a good day.

Ella Keele

Bang Crash! Ormie came running through the kitchen because of the simply wonderful smell of the choc chip cookies.

Charlotte Bell

"Mmmm" says Ormie as he sniffed the fragrance filled air. His eyes stared at the delicious, rich choc chip cookies on top of the fridge.

Grace Hemingway

Ormie the charming pig proudly strutted into the room and smelt something as good as heaven!!! HE SAW COOKIES!

Zach Hurford

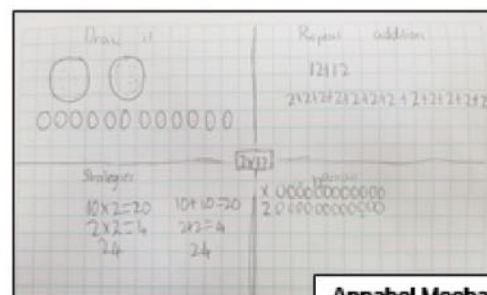

Stomp stomp, Ormie was marching around the fridge, when he smelt the yummiest cookies ever!

Erica Edmeades

Maths – Multiplication

In Maths we have been working on multiplication. We used a graphic organiser to learn the different ways to do our timetables. We had to draw our problem, make an array, explain our strategies and use repeated addition. It was a fun activity.

Atalay Simsek and Amirali Khosravi

Annabel Meehan

Years 1 and 2

The year one and twos have been learning what to do when they cannot think of what to write. The students have been writing ideas in their Writer's Notebook, so when it is time to write they can look at their ideas. Here are some of the lists they've written:

What I'm good at: <ul style="list-style-type: none"> • Being kind • Caring about people • Finding shells • Making friends • Being funny • Trying new things • Being a good friend 	My Questions: <ul style="list-style-type: none"> • Why are we alive? • Why do we have to go to the toilet? • Why do we have to sneeze? • Why is the world round? • What causes an earthquake? 	I like: <ul style="list-style-type: none"> • People being caring • Family • Baking cakes • Filling buckets • Harry Potter • My Friends • Reading
I don't like: <ul style="list-style-type: none"> • Seeing rubbish • Fighting • Animals dying • People getting hurt • People snoring • When it's hot • Flies • Ants • Sleeping 	My wishes: <ul style="list-style-type: none"> • To work hard at school • That the world was made of candy • That I could touch the clouds • That my parents would let me do anything I wanted • To get all the money in the world and give half of it to the people who need it 	My favourite food: <ul style="list-style-type: none"> • Hotdogs • Ice-cream • Pasta • Donuts • Brunch • Garlic bread • Chocolate • Apples • Waffles

Students also created a map of their hearts to show the things that really matter to them. This was glued in their Writer's Notebook to help them with thinking of ideas of what to write.

PREP NEWS

This week the preps spent a delicious morning making pancakes. We then wrote about our experience. The children have been learning about starting with capital letters, writing from left to right, finishing with full stops and writing down sounds they can hear in words.

Interschool Sports Report, Feb 22, 2019

Introduction

Friday 22nd February was a sunny morning with a light breeze, making it perfect weather to play our sports matches. Year 5 and 6 students set off on their walk to Cheltenham East Primary for Interschool Sports. We then crossed Warrigal Road where we split up into Tee-Ball and the other sports. Tee-Ball went to Le Page Park, while Volley Stars, Hot Shots Tennis and Kanga Cricket went to Cheltenham East Primary School to play their matches. By the time we got there we were pumped and ready to go. Once we finished our matches, we walked back to Kingston Heath Primary School for the rest of the school day.

Girls Tee-Ball

We have played two games so far and they have been amazing. Considering we have played two games, we have got to have some highlights.

In the game against Cheltenham East Primary School, the girls were awesome at fielding. We got a fair amount of people out, it was great, even though we lost.

We would like to thank Mrs Rosenberg, Mrs Carter and Jacqui for helping us train and coaching us. You did us all a big favour!

Today the scores where KHPS 4 to Cheltenham East 11.

By Chloe T and Ruby V

Boys Tee-Ball

During Tee-Ball Boys, we had endless fun and the team was excited. Some of our highlights were: Daniel's big hits, Lachie's great catches, Leam's fast running, Alex's good fielding and everyone's throws back to Home Base.

The scores were 8-18, so that meant we lost but we still had a great time. We will try harder next time.

We would all like to thank Mrs Carter, Jacqui and Mrs Rosenberg for teaching us how to bat, field and play back-stop. Also for their encouragement and for walking us there.

By Daniel B and Manav P

Girls Volley Stars

Unfortunately we lost today. The scores were close, but well done to C.E.P.S. for winning.

The Highlights today were, Justine's great hits over the net because she won us some points and Sienna's great catches.

We would like to thank Mr D for coming along to help coach us and for counting up the scores. He was a great umpire. We would also like to thank Miss B for coaching and helping us during practice at sports training.

By Allegra M

Mixed Volley Stars

In Mixed Volley Stars today, the scores for the first game was 8 to 11 and the second game was 2 to 11.

Today the rules were, you're allowed to catch the ball and hit it on top of your fist. Then, during the second game, we weren't allowed to catch the ball, you had to dig it when the ball was coming at you and when you are serving, you had to hit it with the top of your palm.

The highlights were Caleb and Sienna catching the volleyballs and Zack hitting it over the net.

Thanks to Mr D for teaching us how to hit the ball and keeping track of the scores.

By Ryan L

Hot Shots Tennis

In Hot Shots Tennis today, we lost by 30 points, with the scores being 38 - 8, but overall we all had fun. We played in both singles and doubles. Some people said that they were cheating (somehow), which was disappointing. We learnt a new rule, which we didn't know about before, now we can use it to our advantage.

Some of the highlights were: Tom scoring a payload of points, Paige, for participating because one of our teammates was away and Jack B and Aiden K for winning the only matches we've won so far.

Special thanks to the teachers that came with us and made Inter-School sports possible, to the other schools we played for their sportsmanship, and to all the students for doing their sport and trying, even if they didn't like it.

By Jayden H and Celeste R-M

Mixed Kanga Cricket

Cricket today was extremely fun. Unfortunately we lost a close game but we still had a fun experience.

The game started off with Charlie winning the 'bat flip' and choosing to bowl first.

We think that was a good choice because we wanted to be fair with them and they wanted to bat first.

We think that we did a good job at bowling and that we got a lot of people out.

When it was our turn to bat, all of our team were excited to give it a go.

In the end, everybody shook hands and we did three cheers for each other. Their team won, 160-144, a high scoring close game, everyone had fun.

We think the highlight of the game was when Charlie ran in and took a really good catch.

We would like to make a special mention to Mr. Starling for running the game and making everything go smoothly.

By Kosta L and Jules W-P

Girls Kanga Cricket (Kingston Kangaroos)

Some of the many highlights today were learning new skills, playing with our friends, Loya's great bowling, Allegra's awesome batting, Riley's amazing catches and Charlotte's great fielding.

We would like to thank Paige, Tahlia and Isabella for filling in for people who were away at lunch time practices this week.

Everyone did awesome and we would like to congratulate them on not giving up and trying their hardest.

By Olivia A and Ainslie N

Conclusion

We all had a lot of fun playing Cheltenham East Primary. Thank you to Mr Starling, Mrs Carter, Jackie and Mr Jamieson for taking us to the places we needed to be, as well as support and encouraging us to do our best. We are all looking forward to our next match and are excited to see what Stella Maris have to offer.

By Alice W and Issy M

Interschool Sports Report, Mar 1, 2019

Introduction

On Friday 1st March, 2019, the year 5/6s had interschool sports. It was a hot and humid morning with no breeze, making it feel even hotter. It was a home game and we played against Stella Maris. Our two Tee-Ball teams walked down the road to play their games at 50 Acres. All the other teams (Girls Cricket, Boys Cricket, Tennis and Volleyball) played at home on the oval and courts. We play sport because it not only teaches us how to play the sports, it also keeps us active. We are always proud even if we don't win.

By Chloe T and Ruby V

Girls Tee-Ball

Today we played Stella Maris, and unfortunately we lost. We got 6 runs and they got 14 runs. We had lots of fun even though we lost. Some highlights were Florence's amazing home run, Paige's awesome catching, and when Issy got a Stella Maris player out on first base! It was a great game even if we lost, but it's more important to have fun than to win!

Shout outs:

- ⇒ Alice Wingate, for helping with the article.
- ⇒ The team, for helping make the game awesome.
- ⇒ Stella Maris team, for playing us.
- ⇒ Mrs Carter and Mrs Rosenberg, for being great coaches.

By Caitlin K

Boys Tee-Ball

In Boys Tee-Ball, the scores were 21-2, with Stella Maris winning. We only had 9 players instead of the 12 players on our team, so we understood our defeat.

Some highlights were Manav's unbelievable fielding skills, Lachie and Adrian's amazing bats, Sam's great stops, and Rueben's home run.

Thank you to all the teachers for helping us and teaching us, and to Stella Maris for playing a great game against us.

By Alex C and Manav P

Girls Volley Stars

In Girls Volley Stars, the scores were 7 to 1. Unfortunately we lost but we still had fun. The standout highlights today were Catherine and Sienna's great catches. Everyone tried their best and had fun. It was very hot which made it hard to concentrate. Lucky we played in the morning.

Thank you to Mr D for coaching us and keeping track of the scores.

By Allegra M

Mixed Volley Stars

In Mixed Volley Stars today, we won the first match 11 to 6 but lost the second match 5 to 11.

The first match rules were, you are allowed to catch the ball and hit it on top of your fist. Then in the second game, we weren't allowed to catch the ball, you had to dig it when the ball was coming at you and when you are serving, you had to hit it with the top of your palm.

The highlights were Caleb, Noah, Zack, Ryan L, Pedro and Connor, because they were catching, digging, spiking and passing to each other.

Thank you to Mr D for helping us learn how to spike the ball and keeping track of the scores.

By Ryan L

Hot Shots Tennis

In Hot Shots Tennis today, the scores were KHPS with 2 sets to Stella Maris' 13 sets.

The highlight was Marti winning a game by an unbelievable 20 - 2, everyone having a go, even though it was really hot, and pushing themselves to do their best.

We learnt new things, like, if someone hits the ball out, but the enemy team hits it back, it would be a point to the person hitting it out.

Thank you to Simran and Aiden for participating in Hot Shots instead of their sport, Aiden A's father for coming to watch the sport, Stella Maris for coming to play with us and Mrs Carter for coaching tennis.

By Jack B and Jayden H

Boys Kanga Cricket

Today we played Stella Maris and it was a great match. Unfortunately, we lost by 22 runs and the score was 144-122.

When we were bowling, we got them out three times and it was a fun experience. Some of the highlights of the game was when Charlie ran and bowled someone on the other team, Jack Sed's bowling, Kosta's great hits, Ham-ish's bowling and Miles's amazing ramp shots.

At the end it was a lot of fun. We all went in a circle and then we found out the scores. We ran around the oval screaming 'we lost' which was a lot of fun. The parents were just doing weird expressions at us but then they laughed with us.

By Tyson E and Kosta L

Girls Kanga Cricket (Kingston Kangaroos)

The Kingston Kangaroos, also known as the the Girls Kanga Cricket Team, played against Stella Maris. The scores were Kingston Heath 151 and Stella Maris 130.

There were many highlights, such as, Ainslie's 4's, Allegras 6's, Riley's fantastic bowling, Elana's great fielding and Gen's spectacular bowling.

We would like to thank the umpire, Mr Starling, for helping us throughout the game and encouraging us. We would also like to congratulate Allegra and Ainslie's fantastic batting which they scored a total of 60 runs.

By Allegra G and Ainslie N

DISTRICT SWIMMING CARNIVAL

Our KHPS Swimmers demonstrated championship attitudes and behaviour on Monday 4th March at the Kingston District Swimming Carnival.

Fourteen students, from Years 4, 5 and 6, accompanied Mrs Rosenberg and Mrs Carter to Bayside Aquatics to try their best against eight other local schools. A huge congratulations to Jack Beadle, Thomas Blick, Riley Bride, Charlotte Cocksedge, Taige Dhariwal, Matthew Fielden, Elle Germanos, Zach Hurford, Jontae Law, Hamish Layzell, Lachlan Meehan, Taliah O'Quely, Zack Shaw and Ellum Shrestha. KHPS is proud to have you representing us at District!

There were a few nervous faces on the bus, but confident strokes once they hit the water for warm up. It was wonderful to see our KHPS students support each other, as well as greet friends from other schools and wish them luck. After some last minute reminders about strongly hitting the timing board and 'I promise this 50 metre pool is the same length as the 50 metres at the Waves pool', the Carnival started. KHPS entered a total of 18 races, with many students achieving personal best's when swimming. For example, Thomas shaved 7 whole seconds of his backstroke time from trials, Matthew took 11 seconds off his butterfly trial time, Zack S beat his freestyle trial time by 4 seconds and Zach H's breaststroke trial was also bested by 7 seconds!

An extra, massive congratulations goes to Matthew Fielden who came first in his butterfly event! Matthew will progress to the Kingston Division Swimming Competition in a week. We're all cheering for you Matt!

Finally, an enormous thank you to our parent supporters who came along to cheer on our KHPS team: Lorinda Shaw, Derek Shaw, Rebecca Fielden, Adrian Fielden, Lindsay Smith, Andrew Layzell, Nana Marg, Mike Cocksedge, Steve Hurford, Kristen Hurford, Sommy Beadle, Granddad Noel and Alex Law. An additional thank you to Leanne Carter for her excellent marshalling skills!

Swimming results are on the next page.

Scholastic Book Club

Issue 2, 2019 of the Scholastic Book Club has been sent home. Orders are due back by Wednesday 20th March.

It is easy to order. The Book Club LOOP platform for parents allows you to pay by credit card. Your child's order is submitted directly to school safe and sound and the books will be delivered to class. You can place your child's order at [scholastic.com.au/LOOP](https://www.scholastic.com.au/LOOP) or using the LOOP app, which can be downloaded from the App Store or Google Play.

If you don't wish to use LOOP, you can fill in the order form at the back of the leaflet and return to the school in an envelope labelled with your child's name and class, with the correct money enclosed. (No change can be given.)

The school earns 20% of sales which we then use to purchase books for the library and classrooms.

Sam May

Librarian

KHPS ART DEPARTMENT REQUESTS

A few items from your home recycling to be turned into fabulous works of art! We would be grateful for:

- metal coat hangers
- newspaper
- Cardboard tubes
- small plastic containers (about the size of margarine cartons)
- any out-of-date dry foods like rice, lentils etc

A box to receive your kind donations will be placed outside the art room from Friday 8th of March.

Thank you.

Imogen

Hi my name is Kaye Funnell, I'm your new Stephanie Alexander Kitchen Garden Co-ordinator.

I am so excited about starting at Kingston Heath Primary School, the Kitchen Garden Program is such a wonderful way for your children and the community to be involved. The kitchen / garden is a wonderful experience, for you all to become involved in some small way, in volunteering in the Kitchen/garden with your child or meeting the wider school community.

Kitchen/garden classes are starting up in week 4 and it would be fantastic if I could get some more helpers. Each class must have at least 4 helpers so the classes can run.

If you are interested you can contact me directly or view the timetable that will be available at the office.

Looking forward to seeing your friendly faces.

Kaye Funnell
Kitchen/Garden

**Please note there will be a working bee on Saturday
23rd March.**

All welcome. 9-11am
