

PHOTOGRAPHING, FILMING AND RECORDING STUDENTS POLICY

Help for non-English speakers

If you need help to understand the information in this policy, please contact Kingston Heath Primary School on (03) 9584-5805

PURPOSE

To explain to parents/carers:

- how Kingston Heath Primary School collects, uses and discloses photographs, video and recordings of students
- when parent/carer consent is required before photographing, filming and recording students
- how consent can be provided and withdrawn.

SCOPE

This policy applies to the general collection, use and disclosure of **images** (including photographs, video and recordings) of students.

The policy does not cover the:

- use of Closed-Circuit Television (CCTV). The use of CCTV is covered in the department's CCTV in Schools Policy, and Kingston Heath Primary School's CCTV Privacy Notice.
- use and disclosure of photographs, video and recordings of adults. [School staff should refer to the [Photographing, Filming and Recording Staff and Other Adults Policy](#) (PAL)]

POLICY

There are many occasions during the school year when staff photograph, film or record students participating in school activities or events. We do this for many reasons including to celebrate student participation and achievement, showcase learning programs, document a student's learning journey/camps/excursions/sports events etc, communicate with our parents and school community in newsletters and on social media etc. There may also be occasions where we take images to support student behaviour management or to fulfil legal obligations. Further detail is provided within this policy.

In addition to the above, there may be situations where a third party requests to take, use or disclose images of students.

This policy outlines the practices that Kingston Heath Primary School has in place for the collection, use and disclosure of images of students to ensure compliance with the *Privacy and Data Protection Act 2014* (Vic). It also explains the circumstances in which we will seek parent/carer consent and how consent can be provided and withdrawn.

Consent

The Photographing, Filming and Recording Students Consent Form is provided by Kingston Heath Primary School upon enrolment (or for existing students, at the beginning of the 2025 school year). This form applies to standard uses of images for the time your child attends the school. Standard uses are defined in the following sections.

For non-standard uses, where consent is required, parents/carers will be sent a consent form for that specific situation. Schools will also notify parents when implementing software that may include photos of students, giving parents an opportunity to discuss any concerns or preferences.

If you would like to **withdraw or change your consent at any time**, you must notify us **preferably in writing** via kingston.heath.ps@education.vic.gov.au, or 25 Farm Rd, Cheltenham, VIC 3192.

If consent is withdrawn verbally, for example over the phone or in person, we will make a written record of this and seek to confirm this with you in writing as soon as practical. **Please note, it may not be possible for the school to amend past publications or to withdraw images that are already in the public domain.**

However:

- if the images have already been published and are in the public domain, it may not be possible to remove them
- the school can still collect, use and disclose images in circumstances where consent is not required (see below for more information).

Image use within the physical school environment

Kingston Heath Primary School may photograph, film or record students to use within the physical school environment, including:

- for display in school classrooms and learning spaces (e.g. in displays of student work)
- other physical displays (e.g. on noticeboards to celebrate achievements, or at assemblies and learning showcases held at school)

A Photographing, Filming and Recording Students Consent Form will be given to parents/carers on enrolment for the standard uses described above. Consent, if given, applies until it is withdrawn or changed. If a parent/carer would like to withdraw or change their consent at any point in time, they must notify the school.

Image use within the school community

Kingston Heath Primary School may photograph, film or record students to use within the school community, including:

- in the school's online communication, learning and teaching tools (e.g. through approved school manager apps and platforms/portals such as Compass, that can only be accessed by students, parents/carers and school staff with passwords.)
- in fliers, pamphlets or publications developed by staff or students which are not accessible to, or provided to, the general public (i.e. NOT published online/social media or in the school newsletter where these are widely accessible, or distributed to the general public or those beyond the school community)

A Photographing, Filming and Recording Students Consent Form will be given to parents/carers on enrolment for the standard uses described above. Consent, if given, applies until it is withdrawn or changed. If a parent/carer would like to withdraw or change their consent at any point in time, they must notify the school.

Image use beyond the school community

Photographs, video or recordings of students may also be used in publications that are accessible to the public, including:

- the school newsletter
- on the school's website, including in the school newsletter which is publicly available on the website
- on the school's public social media accounts, including Facebook and Instagram

A Photographing, Filming and Recording Students Consent Form will be given to parents/carers on enrolment for the standard uses described above. Consent, if given, applies until it is withdrawn or changed. If a parent/carer would like to withdraw or change their consent at any point in time, they must notify the school.

Use of photographs or videos of students for advertising and promotional materials: We will notify you individually if we are considering using images of your child for specific advertising or promotional purposes. We will seek specific consent from parents/carers to use images of your child for inclusion in examples such as billboards, promotional pamphlets or other marketing materials or publications intended for wider distribution.

Media

The media, or the Department of Education's media team, may seek to photograph, film or record students for a news story or school event. This may include broadcast media, online or social media or print media, including newspapers and magazine publications.

When Kingston Heath Primary School receives such requests, our school will:

- provide parents/carers with information about the organisation involved and when and for what purposes the photography, filming or recording will occur
- seek prior, express parent/carer consent in writing.

Students will only be photographed, filmed or recorded by the media at school if specific, individual consent is provided for that specific media event. Neither the school nor the department own or control any photographs, video or recordings of students taken by the media.

Research

On occasion, the school may agree to research projects being conducted at the school. If this occurs, parent/carer consent will be sought for student participation, including any photography or recording of students.

Closed Circuit Television (CCTV)

Parent or carer consent is not required for a school to install CCTV. Our school's CCTV system is managed in accordance with the department's [CCTV Installation and Management Policy](#). Further information about how CCTV is managed and operated is available in our CCTV Privacy Notice.

Other external collection, use or disclosure

If there is a situation which will involve the collection, use or disclosure of images of students by or to third parties which is not otherwise covered by this policy, Kingston Heath Primary School will:

- provide parents/carers with information about the event or activity, the organisation involved and when the photography, filming or recording will occur
- seek prior, express parent/carer consent in writing.

Official school photographs

Each year Kingston Heath Primary School will arrange for a professional photographer to take official school photographs of students. This will generally involve both class photos and individual photos being taken.

Official school photographs may be:

- purchased by parents/carers
- used on Compass
- used for school identification and student identity verification letters
- stored on CASES21 for educational and administrative purposes.

Kingston Heath Primary School will notify parents/carers in advance of the official school photographs being taken to give them an opportunity to decide whether their child will be included in the photographs.

Parents/carers who choose to opt out of having their child participate in official school photographs must contact the school administration office before the date photos are scheduled to be taken to advise that their child will not participate. Unless the school is notified prior, all students will be included in official school photographs, regardless of whether parents/carers intend to purchase the photographs. There is no obligation on any parent or carer to purchase any photographs taken. However, the school will need to discuss with these parents/carers alternative arrangements for identifying students in emergencies and for other essential purposes.

Images to manage student behaviour or fulfil our school's legal obligations, including child safety

On occasion, it may be necessary for school staff to photograph, film or record students and/or use images to:

- fulfil legal obligations, including to:
 - take reasonable steps to reduce the risk of reasonably foreseeable harm to students, staff and visitors (duty of care)
 - provide a safe and suitable workplace (occupational health and safety law)
 - supporting students' social and emotional wellbeing, and health (duty of care)
- for identification purposes, when necessary to implement discipline and/or behaviour management policies.

Kingston Heath Primary School does not require or obtain consent from parents/carers or students to photograph, film or record students, or to use these images, for these reasons. However, when Kingston Heath Primary School photographs, films or records a student for any of these purposes, staff will only collect and use such images in a way that is necessary, reasonable and appropriate in the circumstances.

Child Safe Standards

Kingston Heath Primary School will use student images reasonably, appropriately and sensitively, consistent with our obligations under the Child Safe Standards and our school's applicable Child Safety and Wellbeing Policies. If at any time a parent/carer or student has a concern about the use of any images they should contact the school administration office or a member of the school's leadership team.

Curriculum-based activities

Photographs, film and recordings of students may be collected and used for curriculum-based activities (i.e. class work) as part of standard learning and teaching practices. Kingston Heath Primary School does not require or obtain consent for this. Access is limited to students and relevant teaching staff. Parents/carers may have access to images of their own child in this context.

Professional development

Occasionally, teachers and classes may be recorded for professional development purposes to improve the delivery of educational services. Kingston Heath Primary School does not require or obtain consent for this, however the recordings will only be used internally and for the specific purpose of staff development.

Storage of images

Photographs, video and recordings of students taken by Kingston Heath Primary School will be stored in our secure document storage systems with restricted access. Any photographs, videos or recordings made on devices, including non-school issued devices, will be transferred to secure school systems and removed from the devices as soon as reasonably possible.

Images taken by the school community

Kingston Heath Primary School requests that parents/carers, students and invited guests who photograph, film or record school activities, such as sporting events, assemblies and other school-approved activities only do so for their own personal use and **do not publish or distribute the images in any form**, including on social media, without the prior consent of persons whose children also appear in the images.

Neither the school nor the department own or control any images of students taken by parents/carers, students or their invited guests at school activities.

COMMUNICATION

This policy will be communicated to our school community in the following ways:

- On enrolment
- An annual reminder in our school newsletter
- Available publicly on our school's website
- Included in staff induction processes and staff training
- Included in staff handbook/manual/induction processes
- Discussed at staff briefings/meetings, as required
- Hard copy available from school administration upon request
