Guide to developing the Annual Implementation Plan: for Improving Student Outcomes

To focus effort where it is most needed, four priorities have been identified for the entire Victorian government school system. The four priorities are:

- Excellence in teaching and learning
- Professional leadership
- Positive climate for learning
- Community engagement in learning.

Six evidence-based initiatives assist schools to identify and utilise the most effective, relevant and evidence-based strategies that when implemented with consistency and depth help drive improved student outcomes. The initiatives are associated with the four state-wide priorities, in the following way (please refer to the Framework for Improving Student Outcomes: Guidelines for schools):

<table>

<tr>
<th>Priority</th>
<th>Initiatives</th>

<tbody>
<tr>
<td>Excellence in teaching and learning</td>
<td>Building practice excellence: Teachers, principals and schools will work together</td>
</tr>
<tr>
<td></td>
<td>Curriculum planning and assessment: School will embed a culture of curriculum planning, and assess the impact of learning programs, adjusting them to suit individual student needs</td>
</tr>
<tr>
<td>Professional leadership</td>
<td>Building leadership teams: Schools will strengthen their succession planning, develop the capabilities of their leadership teams in using evidence</td>
</tr>
<tr>
<td>Positive climate for learning</td>
<td>Empowering students and building school pride: Schools will develop approaches that give students a greater say</td>
</tr>
<tr>
<td></td>
<td>Setting expectations and promoting inclusion: Schools will work across their communities to implement support to health, wellbeing, inclusion and engagement of all students</td>
</tr>
<tr>
<td>Community engagement in learning</td>
<td>Building communities: Schools will strengthen their capacity to build relationships with the broader community by partnering</td>
</tr>
</tbody>
</table>

To guide the development of the 2016 Annual Implementation Plan: for Improving Student Outcomes (AIP) schools will work with support from Senior Education Improvement Leaders (SEIL) to conduct an annual evaluation of student outcomes data against the targets set in their School Strategic Plan. Schools then diagnose the issues requiring particular attention and select one or more initiative.

Principal and teacher performance and development plans include explicit links with the AIP and the School Strategic Plan. This ensures a line of sight from school improvement priorities and initiatives to each individual's plan. The Guidelines provide further context and detailed information to support this work.

## Initiatives Rationale:

Explain why the school, in consultation with the SEIL, has selected this initiative/s. Please make reference to the evaluation of school data, the progress against SSP targets, and the diagnosis of issues requiring particular attention.

### Achievement (Curriculum Planning and Assessment)

In the majority of the curriculum areas of state-wide testing, students at Kingston Heath P.S have met or exceeded the expected rate of growth in their learning. The school is now looking at decreasing the proportion of students with low growth and increasing those who achieve high growth. The review panel (2015) found that this can be achieved through the development of agreed whole school teaching and learning protocols, which are monitored for their effectiveness and consistency. It was also found that more effective use of Learning Intentions and Success Criteria, consistent planning preparation based on data analysis and on-going professional learning, is an integral part of improving the rate of growth in students’ learning at the school.

### Engagement (Empowering Students and Building School Pride)

The review panel (2015) found that while the level of engagement of students was very good, there were opportunities to improve student engagement and learning confidence by providing more opportunities for student voice in planning and development of Inquiry units and for protocols to be developed to improve the classroom learning environment. This would involve students developing Success Criteria for Learning Intentions, and for staff to develop agreed expectations and protocols to allow all students to learn in the way that suits them best.

## Key Improvement Strategies (KIS)

List the KIS that are linked to this initiative/s and will be scaled up. This could include existing KIS from your SSP or new ones identified through the evaluation of student outcomes against SSP targets and the diagnosis of issues requiring particular attention. KIS may be specific to one outcome area or applicable across several areas.

| **Curriculum Planning and Assessment**          | • To build the instructional practice of every teacher by adopting a whole school approach to instructional practice and an agreed instructional framework.  
  • Focusing on the 'Theories of Action' from a whole school approach, mainly teaching & learning protocols and behavioural protocols, so that they are aligned across the whole school (Powerful Learning and Teaching project).  
  • Using an agreed curriculum (new Victorian Curriculum and Primary Years Program).  
  • School wide use of Learning Intentions and Success Criteria in every classroom  
  • Data driven teaching & learning. |
| **Empowering Students and Building School Pride**| • To create opportunities to promote student voice and involve students in decision-making about how they can make a difference to their local and global communities.  
  • Feedback- providing more opportunities.  
  • Student Engagement- Challenging, self-directed high ordered thinking. |

## ACHIEVEMENT

### Goals

**Goal** – To develop curious life-long learners with strong academic skills in Literacy and Numeracy.

*Rationale: Build the instructional practices of every teacher by adopting a whole school approach to instructional practice and an agreed instructional framework through the International Baccalaureate Primary Years Program, Powerful Learning and Teaching (McCrel) and the new Victorian Curriculum*

### Targets

- Relative growth – increase number of students achieving high growth and decrease number of students achieving low growth.
  - NAPLAN – Numeracy: Low growth from 32% to 28%, High Growth 16% to 20%
  - Spelling: Low Growth from 27% to 25% and High Growth from 15% to 20%
  - Grammar and Punctuation: Low Growth from 35% to 30% and High Growth from 8% to 15%.

- Teacher Judgments - more consistency and moderation
- Teacher Judgement compared to NAPLAN, PAT testing, Ondemand

### 12 month targets

- NAPLAN – Numeracy: Low growth from 32% to 28%, High Growth 16% to 20%
- Spelling: Low Growth from 27% to 25% and High Growth from 15% to 20%
- Grammar and Punctuation: Low Growth from 35% to 30% and High Growth from 8% to 15%.

- Teacher Judgments - more consistency through moderation and more aligned with NAPLAN results and Teacher Judgement to be aligned in School Comparison Report.

## KIS

**what the school will do**

**including financial and human resources**

**has responsibility**

**WHEN timeframe for completion**

**SUCCESS CRITERIA:**

**Markers of success reflecting observable changes in practice, behaviour, and measures of progress**

### Planning Consistency of planning and teaching and learning protocols.

- Instructural practices – develop a structure to ensure consistency of teaching and learning in planners.
- Professional learning – develop a framework for Maths – investigate commercial Maths programs to use as a basis.

- Professional Learning Teams to present then whole school agreement
- Scope and Sequence audited against Vic Curriculum, Mathletics to be supported by commercial program

- Leadership Team
- Maths Committee
- Matthew Jamieson and Adam Kyd
- Semester 1
- Semester 1

- Ensuring whole school Scope and Sequence charts are updated, resources and documentations are followed.
- Planners submitted weekly fortnightly to principal
- Consistency of work programs across the school
- Commercial Maths program supplementing Scope and Sequence and new Victorian curriculum.

### Professional Learning

- Professional learning to improve the teaching practices in spelling, writing, grammar and punctuation.

- Coach for Literacy and Numeracy Audit against scope and sequence with Vic Curriculum

- Helen Fitzgerald
- English Committee to lead whole staff
- Ongoing
- Commencing term 1

- New staff members will be trained in THRASS.
- Literacy and Numeracy Leaders trained.
- PD’s conducted by Literacy and Numeracy committees.
- Consistency in teaching protocols.

### Professional learning

- In the analysis of data to inform teaching.

- Data – professional learning to increase capacity to analysis data effectively.
- Share and analyse data to set precise targets for school, team and class; provide professional learning that enables teachers to utilise data.

- Data Team: Jade Rosenberg, Melinda Sipthorpe, Stuart Macdermid, Matt Jamieson and Lisa Brandecker
- Ongoing from term 1 2016

- Moderation of writing samples weekly and assessment rubrics.
- SPA- training for all staff on how to read and analyse data.

### Learning Intentions and Success Criteria

- Consistency with the language used and use in planners.

- Protocols for writing Learning Intentions and Success Criteria – develop an agreed language.
  - Review Feedback processes – student to teacher, student to student.

- In house professional development
- Leadership Team Powerful Learning pd
- Fortnightly

- Learning intentions and Success Criteria understood and implemented in all planners. Checked monthly
- School agreement on what Learning Intentions and Success Criteria are.
## Goals

**Goal:** Increase opportunities for higher levels of student cognitive engagement, challenge, self-directed inquiry and deep thinking.

**Rationale:** Create opportunities to promote students voice and involve students in decision making about how they make a difference in their local and global communities.

### PRODUCTIVITY

#### Goals
- **Goal** – to increase the capacity of the school to function as a strategic organisation.
- **Rationale** – to create a whole school culture of accountability and feedback.

#### Targets
- **To increase the capacity of the school to function as a strategic organisation through agreed protocols, and processes and procedures.**
  - **12 month targets**
    - Meeting times and structure of committees along with clear roles of responsibility. Resource allocation to meet the PYP expenditure needs and professional development needs of all staff.
